Subject: Recommendation to purchase an Air Compressor w/ 90 lb. Jack Hammer through "Buy Board"

The FY 2015-16 Budget included the purchase of an Air Compressor with a jack hammer for the Public Services Department. This equipment will be used to break out concrete, rock and asphalt for road repairs. It will be purchased from Kirby-Smith Machinery utilizing the Buy Board Program. The attached proposal shows the air compressor and jack hammer that we are proposing to purchase. It is a 2014 model that Kirby-Smith has left on their yard that has one hour on it. It has a 1 year warranty which is the same as a 2015 model. .

The cost of the air compressor is \$21,875.00 and the budgeted amount for the purchase was \$24,000. This will result in a savings of \$2,125. I recommend we purchase the air compressor and jack hammer from Kirby-Smith Machinery through the Buy Board program. The funds will come from account 01-7000-06-00 Capital Outlay/Special Request. Let me know if you have any questions or need additional information.

Thanks

Randy Newsom
