

Foster Parents Needed!

Can I have my puppies
in your quiet home?

Can I recuperate at your
house for a while?

Our mom can't take care
of us, can you?

The Saginaw Animal Services Shelter occasionally needs temporary foster homes for pregnant dogs, pets with medical needs and puppies and kittens that need to be bottled fed.

All supplies will be provided by the shelter. All we need is someone who can help us give these pets a second chance.
